Income, the right way

Global Brands Equity Income fund provides our clients the opportunity to invest in Global Brands but with an enhanced income. We are currently targeting a 4% annual dividend yield, paid quarterly.

Traditional Equity Income Funds vs.

The search for income has led many traditional equity income funds to focus on high yielding sectors like Utilities, Telecoms, Energy and Financials. Long-term capital growth is neglected at the expense of higher dividends.

In contrast, our Global Brands Equity Income (GBEI) Fund uses our time-tested Global Brands investment process to ensure we only invest in high-quality companies with sustainably high returns.

We believe GBEI offers the opportunity for a reliable income without sacrificing capital growth.
